# **TERMS OF SERVICE– NDIS Core Supports**

## **Payment of Fees**

1. Invoices for all services are issued on a monthly basis.
2. All invoices require payment in full within the terms of the Service Agreement.
3. Self Managed payments may be made via Cheque, Direct Deposit or Cash.

## **Additional Terms**

4. Should an After-Care client directly or indirectly retain the services (whether as an employee, independent contractor or otherwise) of any After-Care employee (or ex-employee within 6 months of the employees termination from After-Care) who has provided services to the client on behalf of After-Care, the Client or Nominated Person will be charged a recruitment and training fee of \$7,500.00.
5. Should an After-Care Carer working a Sleep Over be required to wake up and provide support to a client for a single occasion that is longer than 1 hour, or for more than 3 separate occasions (regardless of whether the total length of time is greater or less than 1 hour), the relevant Sleep Over charges will no longer apply and all hours of the shift will be charged at the relevant After Hours rate instead.
6. Where the duration of a Personal Care, Home Care or Respite Care shift is 1 hour or more in duration but less than another full hour in duration, the relevant per hour rate will be charged in 15 minute increments (at 25% of the relevant per hour rate). These additional time increases will be rounded up to the nearest whole hour over the invoicing period.
7. Where a Carer uses their own vehicle to provide transport for a client, a Per Kilometre rate of \$1.15 will be charged for every kilometre driven either at the client's request (such as an errand) or with the client in the vehicle, in addition to the relevant per hour rate for Personal Care.
8. Higher Intensity rates will apply when the support worker requires additional qualifications or experience relevant to the client's complex needs as defined in the NDIS price guide. Eg. If there is 1 instance per shift where intensive positive behaviour support is required to manage challenging behaviours or continual active support is required due to high medical support needs.
9. Shadow shifts may be required where a client with complex individual support needs is best introduced to new workers prior to support from that worker commencing. For example, when the client has very limited communication, behaviour support needs, and/or medical needs/procedures such as ventilation, unstable seizures, ongoing respiratory support, home enteral nutrition or similar.
10. Cancellations require at least 24 hours prior notice during business hours. Where less than this time is provided, a minimum service charge will apply as follows; shifts up to 3 hours duration, the full charge will apply; for shifts over 3 hours duration, the greater of 3 hours or half the booking time will apply.
